

MID-RANGE MICHIANA USERS' GROUP

(www.MRMUG.org)

Thursday January 19, 2012

Meeting begins at **12:00 noon** (South Bend Time) lunch will be served during meeting

MEETING PLACE - CIBER Innovation and Technology center

Virtualization on IBM i

Presented by Craig Nelson from CIBER

Craig Nelson will present "Virtualization for IBM i"

- Do you think virtualization on IBM i is only for large shops with large systems?
- Do you think virtualization on IBM i is costly and always requires an HMC device?
- Do you think virtualization on IBM i always requires additional hardware to implement?

You may be surprised to find out that virtualization on IBM i can be implemented on the smallest Power systems and may not even require a Hardware Management Console device or the addition of any additional hardware to your existing system!

This session will describe and demonstrate the different methods of IBM i virtualization including hardware based virtualization, the functionality of Virtual I/O Server in providing superb versatility and cost savings, and the new functionality available with V7R1 for IBM i hosted virtualization.

If you want to know more about what's new with IBM i hosted logical partitions (no additional hardware I/O required) or what the Virtual I/O Server (VIOS) is about, come to this meeting!

This presentation is a great preliminary session for our next meeting in February where we will demonstrate running IBM i on all external disk using the Virtual I/O Server and how we can save an entire system with just a few minutes of downtime for the users, or move our system to other hardware and logical partitions!

Menu – Our Traditional Thanksgiving Spread! (Only in November!)

Meeting Location	Tip/URL for the month
CIBER 4100 Edison Lakes Parkway - Suite 240 Mishawaka, IN 45645	Listed on our website:
	http://www.mrmug.org or http://www.forms.mrmug.org/reservations/f_reservation.htm
Please let one of the Board members know if you would like to be on the Board of Directors.	Did you receive your MrMug dues statement? If you did not, e-mail jim.manuszak@ctscorp.com

Special Interest Items

NOTE: MRMUG is now a member of Common. Annual dues of \$50.00 (due Jan 1st) help cover the cost of MRMUG's membership. Website iSociety is a community of individual websites, chatrooms, blogs, organizations individuals and business that use System i. Includes small and large users groups, news organizations, forums and students. <http://isociety.common.org/>

We need speakers and ideas for our meetings. If you know someone who will speak to our group, contact Jim Manuszak or Craig Nelson. This organization is about sharing knowledge; forward this newsletter to anyone you think is interested in computer related topics.

Please register on the MrMug website (<http://www.MRMUG.org>), make your reservations BEFORE NOON Wednesday, January 18^h, 2012
